Symposium on HL7 Standards from HL7 India

HL7 India is an independent, non-profit-distributing, membership based organization that exists to encourage the adoption of standards for healthcare information communication within India. The objective of HL7 India is to support the development, promotion and implementation of HL7 standards and specifications in a way which addresses the concerns of healthcare organizations, health professionals and healthcare software suppliers in India. HL7 India is the accredited International Affiliate of Health Level Seven International (HL7 International) for India.

The international symposium for spreading awareness of HL7 Standards will be held twice every year in various places in India. This premier event will bring together key professionals spread across varied domains like Healthcare Information Technology professionals, Service engineers and Healthcare delivery personnel. **The first such event will be held in Bengaluru from October 28-30, 2010.**

Some of the resource persons likely to speak at this symposium are:

Mark Shafarman

Over the past 25 years Mark has become a leader and innovator in healthcare informatics. His career path has included policy, management, conceptual and technical work in healthcare applications and healthcare information standards. As past Chairman of HL7 (2004-05) and chair-elect in '03 and immediate-past chair in '06 (all HL7 Board positions), Mark was instrumental in taking HL7, a standards development organization, global! Prior to that Mark was the Applications architect in ORACLE Healthcare Applications group. He is a Faculty of the CAL2CAL Institute.

Chris Lynton-Moll

CEO of CAL2CAL Australia and Quality & Certification Advisor (CAL2CAL group), has extensive management experience in the healthcare industry, particularly in Pathology and Information Technology. Chris' expertise is in healthcare messaging, project management, information system implementation and healthcare education and training. Chris has held executive positions of Chief Scientist, Chief Information Officer (CIO), at the Royal Hobart Hospital, Director CCeH, and Secretary, HL7 Australia. CAL2CAL Institute.

Gora Datta

Chairman & CEO of CAL2CAL group, a visionary and entrepreneur, with over 25 years of global ICT expertise, especially in cutting edge Healthcare Informatics domain. Gora has outstanding leadership qualities and has liaised effectively with international Organizations (HL7, ISO, World Bank), Government Departments & several well known ICT companies. CAL2CAL Institute.

Prof. Supten Sarbadhikari

Director of Health Informatics of CAL2CAL group and the Founding Director of CAL2CAL Institute: – a medical doctor and a PhD in Biomedical Engineering – is regarded as a pioneer in spreading awareness of health informatics in India, Currently is the Chair-Elect for Health Level Seven India. He is also the Editor-in-Chief, Indian Journal of Medical Informatics.
